To the Members of the General Episcopal  
Synod of the Liberal Catholic Church

Dear Brothers,

The letter addressed to you by our Brother +William, dated October 17, 2003, has reached that he is the very have explained my position in two letters I addressed to your Synod. If +William looks at these people as "schismatic", they are for me friends and relatives. They are as loyal to Christ's work as any of us. If they don't share the GES' point of view on the Ordination of women, it doesn't make them less dedicated to the service of our Master; they are not children of a lesser God or should be condemned to burn on the stake of shame. What regards the email attached to the letter, it would not have been written ~~in~~ ~~the~~ ~~15.3(yb-15.3(( ))JTJ 505833 0 TD -0.27~~
